

ASSEMBLY BILL

No. 857

Introduced by Assembly Member Frommer

February 20, 2003

An act to add Section 12734 and 12739.5 to the Insurance Code, relating to health insurance, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

AB 857, as introduced, Frommer. Major Risk Medical Insurance Program.

Existing law creates the Major Risk Medical Insurance Program, administered by the Managed Risk Medical Insurance Board, in order to provide health insurance to persons who are unable to secure adequate coverage because of preexisting conditions.

This bill would require the board to seek federal funding for high risk health insurance pools pursuant to the federal Trade Act of 2002. The bill would provide that individuals who are eligible for tax credits under that federal law would be eligible to purchase health insurance through the program. Because the bill would require federal funds received by the board in this regard to be deposited in the Major Risk Medical Insurance Fund, a continuously appropriated fund, the bill would make an appropriation.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

4 for eligible individuals to purchase and thereby receive a federal
5 tax credit as provided by those provisions.

6 (b) Individuals who are eligible for tax credits pursuant to Title
7 II of the federal Trade Act of 2002 (P.L. 107-210) shall be eligible
